Dempsey-Tunney Fight Pictures.**

**Coming Friday and Saturday, December 3-4
"VARIETY."**

Curlers Prepare For Coming Season

A meeting of the curling club was held in W. C. Hoskins' store on Monday evening and was fairly well attended. On motion the officers for 1925-26 were continued in their positions until Thursday, December 2nd, to which date the meeting finally adjourned. A committee, consisting of President Baker, B. N. Woodhull and J. T. Stephenson, was appointed to arrange the taking over of the rink from the council and also to look after preliminary flooding operations. Prices for skating and curling were referred to a committee of three Messrs. Hoskins, H. E. Gill and Henderson, with instructions to report at the meeting on Dec. 2nd. Immediate steps are being taken by the village council to get the skating rink in shape and water will be on as soon as it is ready. Tenders for caretaking were arranged for and the meeting adjourned. A general attendance is requested at the meeting on Dec. 2nd in Hoskins' store, when skips and other officers for the coming season will be chosen.

The Champion Junior hockey club has organized under the name of "The Capitals."

The following officers were elected:

G. M. Campbell, president; J. M. Moffat, vice president; H. J. Hofford, manager; H. B. Lohmeyer, captain; A. S. Hunt, Sec. Treas. Patrons—Geo. Mark, E. Latiff, H. E. Gill, J. D. Henderson, W. C. Hoskins, W. S. Ryan.
Executive members—H. B. Lohmeyer, A. S. Hunt, G. K. McLean.

Don't miss the first program of Chautauqua Sat. Nov. 27. Russell's Canadian Collegians present a program of music and entertainment featuring novelty numbers, artistic settings and elaborate costumes.

The high school Literary Society will hold an open fit on Wednesday night, December 22, in Campbell's hall. A musical programme will be presented.

The beautiful three-act musical comedy, "Miss Cherry Blossom" is rapidly nearing completion. The people of Champion and vicinity will have the pleasure of seeing one of the prettiest plays, both musical and dramatic, with 25 talented singers. The costumes and electrical display, with gorgeous stage setting will be worth coming miles to see. Two hours of mirth and music. Watch paper for further notice.

W. Beazarth Jr. was thrown from his horse in the vicinity of Harvey Beaubien's residence while on his way home from Champion. So severely was he hurt that he was rendered unconscious, and in this condition was found and brought home by a party of skaters, on their way to J. D. McDougall's pond driven by Elwood Granlin. He was around and beyond help and the effect of exposure while he lay beside the road, he was himself again the next day.

While bad weather interfered seriously with the Charles A. Cooke entertainment last Thursday night, those who attended were delighted with the program. Local artists assisting were Misses Rheta Campbell and Leola Johnson, instrumental duet, and Rev. S. R. Hunt, solo. A Hunt was accompanied for Mr. Cooke. Both as an elocutionist and singer Mr. Cooke captivated the audience and it is a matter of regret the attendance was so small. It is rarely such an opportunity of hers.

Celebrate 23rd Anniversary

A very pleasant evening was spent at the home of Mr. and Mrs. Adam Ferguson on Nov. 18, the occasion being their 23rd, wedding anniversary.

Musical selections were rendered by Miss Esther Ferguson, Piano, and Marjorie Ferguson, violin, after which games were played until near midnight when a mock wedding was performed. To the music of "Here Comes The Bride," the bride, dressed in white crepe de chine with net veil and carrying a bouquet of pink and white roses entered the room on the arm of Mr. Forrest Basset. Mrs. Basset, acting as brides maid, was dressed in white voile with net veil and also carried a bouquet of pink and white roses. Otto Hugg acted as best man and Bert Gill performed the ceremony.

Gifts were placed in a basket of pink and white and handed to the bride by little Joyce Gill.

The four story brides cake, placed on a round table covered with white linen and encircled by streamers of pink and white made a very pretty picture.

The hostess was assisted by Mrs. Harry Higgins and Mrs. William White, of Forest River North Dakota.

The United Church annual bazaar will be held in the old Canadian Bank of Commerce building on Saturday, Dec. 4th. Tea will be served during the afternoon and evening. The ladies suggest there will be the best opportunity to purchase Christmas gifts this year will afford. The offerings in all departments will be much more extensive than on any previous occasions.

School Report

The following is a report of the standing of the High School students in their respective units and grades for the months of September, October and November. The report shows the average unit mark of each student. The teachers are satisfied with the report as a whole. There are students who, they feel, are making a good honest endeavor with satisfactory results, while there are those whose efforts are not so honest nor so satisfactory. The teachers would like to solicit the co-operation of the parents and guardians in respect of the students who have not obtained sixty percent on each subject and would like to take this opportunity of advising the parents that the students must make fifty percent on each unit in the final departmental examinations, in order to be successful.

Standing for October & November

Grade VIII—1 Ruby Alder 72, 2 Helen Hohn 67, 3 Lee Milken 62, 4 Lucinda Lloyd 63, 5 Harry Taylor 56, 6 Fred Puzey 50, 7 Kathleen Alock 57, 8 Aileen McCullough 56, 9 Walter Rucker 55, 10 Doris Rucker 52, 11 Mary Schroeder 41, 12 Elwood Granlin 33, Gretchen McNaughton Unclassified, Thomas Alder Unclassified.

Grade IX (Pupils carrying 6 units)

1 Marion Gardner 88, 2 Edna Orr 72, 3 William Orr 67, 4 Doris Stephens 62, 5 Maxine Fisher 61, 6 Olive Larkins 60, 7 Mildred Bauer 58, 8 Zella Goodnight 49, Marjorie Hopkins Unclassified.

Grade X (Students carrying 8 units)

1 Homer Hofford 90

(Student carrying 7 units)

1 Emily Sanderson 75, 2 Rheta Campbell 63, 3 Marjorie Ferguson 61, 4 Donald Road 47, 5 Edwin Fisher 36.

THURSDAY, NOV. 25, 1926

NOTES AND COMMENT.

J. G. Haney is making a good impression and meeting with the same cordial reception as on his first appearance in Southern Alberta. Regardless of their religious prejudices the farmers seem to like to hear the gospel of mixed farming preached, regardless of whether they intend to put it into practice or not.

It is now claimed that Premier Brownlee will retire from the government at the end of the coming session. There is considerable ground for believing this to be true. The extreme element in the farmers' party is developing rapidly since the last election and would naturally become more difficult to handle with increasing strength. Generally speaking, Mr. Brownlee has always been credited with being the backbone of the farmers' administration. His resignation would at least give the real farmers an opportunity to prove their ability or the lack of it.

Naturally an effort to revive interest in the welfare of Champion by the reestablishment of the Board of Trade, some seven years deceased, permitted the critics room to express their opinions, the most prominent of which, of course, being that the organization would die like its predecessor. Even if the demise occurs according to such prophecies the fact that there was sufficient life in a portion of the residents here to endeavor to resurrect a general movement towards a betterment of conditions that have grown intolerable is hopeful, to say the least. The business men who would continue a system of private culverts on the main street in order that people coming into town might reach the sidewalks are surely more complacent than those who make even the most futile effort to better things.

Disciplining The Professions

(Winnipeg Free Press.)

A bill under this title advanced to its second reading at the last session of the Alberta Legislature and due for completion at this year's session is causing much discussion, especially among the medical profession who apparently are of the opinion that it is chiefly aimed in that direction.

Briefly the bill proposes the setting up of a board which shall be the final court in all questions dealing with professional conduct, having the right to hear appeals from the decisions of the governing body of the profession under consideration and having the right to initiate action against the member of a profession and to try the case. The sole power of restitution to the ranks of the profession rests with the board.

The Alberta Government seems to agree with the dictum that every profession is a conspiracy against the laity and to be taking steps to confound the conspirators.

On the side of the laity in the case of the medical profession, on which

as stated, the discussion frames, it is generally admitted that Alberta doctors are not all free of the stigma of overcharges and there seems to have no attempt at thorough investigation of these complaints on the part of the medical council.

On the other hand it is pointed out that with such a board, any person having a grudge against a medical man could lodge a complaint. The subsequent publicity, whether the charge was proven or not, would not enhance the reputation of the defendant. Moreover, unless the board were composed of persons well advised as to the difficulties of medical practice, the finding of the board might be most unjust.

It is so conceded, however, that in cases so referred to the Medical Council the layman is at some disadvantage partly on account of professional sympathy and partly because the Council is apt to have on its membership a prevailing number of consulting physician and their relations with the general body of medical practitioners are obviously not so to make unbiased judgment somewhat difficult.

In any event the professions, at least in Alberta, are getting a slant at how the rural districts see them; and according to the Poet that should be salutary. The discussion in their province is affecting another side-light on the tendency towards state medicine a theory which might be long debated among its basting pros and cons.

In the meanwhile the newspaper profession can sit back and enjoy the passing world because for these many years, a self-satisfied, generally inclusive board of laymen have sat on their case, ever with the pen in hand ready to write to the Editor explaining how the paper should be run.

The city of Edmonton has been officially licensed as an Air Port, and has the first municipal airdrome in Canada. A customs air port has also been established in the capital city.

The third annual corn show of the province, in 1927, will be held at Calgary. It was decided last week by the Corn Growers' Association, meeting, at Medicine Hat.

VILLAGE OF CHAMPION

Local and General

Miss Rachel Smith has been visiting in Calgary for some days.

Mr. and Mrs. L. J. Adams spent the week in Calgary and Edmonton.

Miss Agnes Murphy of Buffalo Hills, was the guest of Mrs. A. W. Jopling over the week end.

Mr. and Mrs. J. N. Beaubier leave shortly for California, where they will spend the winter.

Mrs. Madeline Collins, Williamson and Beaubier attended an O. E. S. meeting in Lethbridge on Monday.

Mrs. G. A. Orr was called to Calgary on Monday by the illness of her father, the result of a recent operation.

Don't forget donations for the home produce table for the bazaar on Saturday, Dec. 4th. Mrs. G. F. Smith, Convenor.

Notice is drawn to the advt. of F. H. Starr's auction sale appearing in this issue. The list is extensive and will contain items of interest to everyone.

Mr. and Mrs. J. F. Hardisty left early in the week for California, where they purpose residing for a time. R. Hackett and son have rented the Hardisty farm.

On Tuesday, Nov. 23, Mr. and Mrs. Hunt entertained Rev. F. Letts, of Blackie, and Rev. and Mrs. J. N. Brunton, of Vulcan, at a ministerial group meeting. The condition of the roads prevented several from attending.

The bazaar under the auspices of the Catholic Women's League begins at 1.30 on Saturday afternoon in Campbell's hall. This is an annual event and the produce offered has always been very acceptable to buyers. Supper will be served from 5.30 o'clock.

Don't miss F. H. Starr's auction sale on Thursday, Dec. 2nd. Note advt. elsewhere in this issue.

W. W. Sloan's auction sale of horses on Saturday was well patronized and fair prices were realized on the forty-five horses sold.

The sugar factory at Raymond has finished business for this season, with a total delivery of about 30,000 tons of beets.

About \$150,000 has been paid out to the farmers for beets. About 100,000 bags of sugar have been made, with 12,000 tons of pulp available for stock feeding.

A three weeks' creamery course is now being offered jointly by the University and the Department of Agriculture to commence Monday morning.

November 29, in the Department of Dairying, South Laboratory Building, University of Alberta. The course is planned primarily for men with some practical experience in creamery work. There will be no tuition fee. Arrangement may be made for room and board at the time of registration.

Quite a number from Champion were in Calgary last Saturday, the special attraction being the "Student Prince," played at the Grand theatre.

H. Cooper will be in Calgary on Wednesday, Thursday and Friday of next week attending a meeting of the U. G. G. Co., representing local shareholders.

United Church bazaar, Saturday, December 1.

HOW MOTOR CARS ARE SMUGGLED ACROSS THE LINE

Ottawa.—Hundreds of automobiles are smuggled every year into Canada and seasonal clearance is expected in the near future. The automobiles include both new and second-hand cars, some of them stolen in the United States.

Investigation already made by the Department of Customs shows that 59 per cent of the stolen goods smuggled into Canada are motor cars. The fact that there is no sale for second-hand cars in the United States swells the traffic.

Special officer Snow, who assisted Inspector Walter Ducau on the fair, said that the automobile has been assigned to the automobile lawyer, who determines in the role of mechanics are said to have been posted in garages throughout the Dominion for the purpose of gathering useful information. The law provides penalties, but the trouble is to catch the smugglers, who are extremely crafty. They buy their cars in the United States, secure customs export papers on them and change the numbers on the export papers for the purpose of bringing in the cars at the valuation of the old ones. Not only that, but they use the same papers several times over. The cars are sold in Canada to unsuspecting purchasers who are fooled by the bogus papers. Autos thus smuggled into the country, of course, are subject to confiscation by the Government.

This method of evading the customs laws was explained to the committee of the customs investigation committee by C. P. Blair, customs official, who stated it was a method frequently employed in getting stolen cars across the border into the Dominion.

Dealing With China

No Policy of Brutal Force To Be Used By Powers

London.—Downing Street is not aware that a "policy of brutal force" is contemplated against China by the foreign powers.

Senator Borah, chairman of the United States Senate foreign relations committee, recently warned the powers against the adoption of any impulsive or ruthless attitude toward China.

Neither is it feared that the forthcoming report of the extra territorial commission will be an excuse for intervention in China. In fact it is stated, the British will be disappointed if the report does not help to conclude the present Chinese factions.

Union Jack Painted On British Vessels

Plan to Protect Ships Flying in Chinese Waters

Shanghai.—An effort to prevent their being attacked by the Chinese militia along the Yangtze river, the British vessels are to have the Union Jack painted on their sides. Shippers here will make firing on them or committing piracy against them inadvisable. The scheme's safety is reported to have been completely tested. All strikers have been summarily dismissed and new crews employed.

Fail To Pay Sales Tax

Ottawa.—Two thousand companies in Canada did not pay their sales tax to the Government when it was due. This is not ascribed to inability to pay, but to the fact that no interest is charged on overdue payments. It is probable that an amendment will be introduced providing penalties that will greatly reduce the number of delinquents. Heavy penalties are provided for persons who do not pay their income taxes promptly.

Two Vessels Wrecked

St. John's, Nfld.—Two motor fishing vessels were wrecked in a wind storm that swept Newfoundland but no loss of life resulted, the crews of both vessels managing to reach shore after suffering great hardship. The Marion, of Carmanville, Captain A. Blumbe, was driven ashore at Carmanville. The schooner Prosper, Captain, heath, fled up on the rocks at Carmanville.

To Hold Aloft Politically

Calgary.—Executive of the U.F.A. in reason have reaffirmed the principle laid down a year ago that U.F.A. federal members preserve their identity in the House of Commons as a group and in no manner whatsoever become part of any group not organized as a caucus basis for political action as the U.F.A.

West Captures Prizes

Championships Won in Competition With Best Cattle on American Continent

Toronto.—Striving out to international company representing the cream of the cattle on the American continent, five head of Saskatchewan cattle won two championships, two firsts, one third, one fourth and one fifth prize at the Royal Winter Fair here today.

Two Aberdeen Angus steers, shown by W. J. F. Warren, Beloeck, secured a triumph for their owner, "Black Mountain," 11-month-old bull calf, captured first place in the junior championship and reserve grand championship in succession, while "Miss Ophelia of Beloeck" gained extra honor in the female Aberdeen Angus classes for the year.

G. K. Alberry, Crossfield, Alta., walked off with the grand champion in dual purpose shorthorns as well as the reserve grand champion. Alberta made a killing in the Herefords, O. A. Boggs, Dayland, taking the male and female grand championships for their own. In the Herefords, while Frank Collier, Crossfield, won the junior bull and reserve junior championships in female classes. These two men made a clean sweep in the Hereford classes, capturing, in addition to championship ribbons, several smaller ones.

H. Hyalson and S. A. Hyalson, Man., also made a good showing in Herefords.

France Planning To Cut Standing Army

Bills Call for Reduction From 650,000 to 400,000 Men

Paris.—Reduction of the total man power under arms in France from 650,000 to 400,000 is called for in three bills which will be introduced in the Chamber of Deputies. The measures call for a reduction in the period of compulsory military service from eighteen to twelve months.

The bill, which will be introduced by Raymond de La Palud, provides for the calling of conscripts at the age of 21 instead of at 20 and for the reduction of the term of service from 18 to 12 months. The volunteers will receive the conscripts from "falsehoods." Under this system the young adults will devote their entire year's training to purely military instruction.

The conscripts of conscripts will be called up for a reduction in the period in order to insure the presence under the flag of the entire army with at least six months' training.

Mr. de La Palud estimates that the new law will increase the expenditures of the War Department at the beginning, but he proposes to make up the additional sums needed from the sale and rental of the property of the Department of War.

Says Canada Is Prosperous

President of Canadian Bankers' Association Warns of Financial Situation

Montreal.—A comprehensive review of the business and financial situation in Canada, as presented by the chairman of the annual meeting of the Canadian Bankers' Association, which has taken place here, was contained in the address by C. E. Neill, president of the Canadian Bankers' Association and general manager of the Royal Bank of Canada, who told a tale of prosperity at the annual general meeting of that body held at Montreal.

Mr. Neill stated that the value of property was reflected in a pronounced improvement in the housing situation in the Dominion and also dealt at some length with the return of C.P.R. to the old standard, which was accomplished without any strike or strike whatsoever.

Not in agriculture prosperity, as evidenced by Canada's prosperity, said Mr. Neill, who added that railroad earnings are satisfactory, building was not active during the past year, new output production has exceeded that of the United States, automobile production and export were at record level and that generally various lines of manufacture show satisfactory growth.

Australia May Have Minister

Toronto.—A special Washington cable to the Toronto Globe says: "The state of Sir Hugh Gordon, Australian high commissioner to the United States is to be changed to that of ambassador within three months time, according to information gained in an authoritative quarter."

Lady Willington Heads Red Cross

Toronto.—Following a visit by Viscountess Willington to the United Kingdom and provincial offices, it was announced that Sir Robert Borden is retiring as president of the Canadian Red Cross society and that his erstwhile helper has accepted the office.

British Ship Hunts For Chinese Pirates

Escaped in Lifeboat After Attacking Hong Kong.—A boatload of passengers from the British steamer Sailing which was boarded by pirates to seize the crew and loot the cargo, was rescued in a fight which lasted between the buccanniers and two officers of the ship. The attackers fled by the British destroyer Verity.

Twelve pirates were killed in the fight. The attackers fled the ship, but the timely arrival of the British cutter Elshell saved it from destruction. Nine of the pirates were captured and the Bluebell is hunting others who escaped in a lifeboat.

Widely reports from the Chinese owned steamer Hong Peng, which is on route from Hong Kong to Hong Kong say there are 25 casualties among the crew and passengers. It is thought there may be more another case of piracy, but the report received was too vague for any definite conclusion.

CUSTOMS PROBE IS REOPENED IN THE EAST

Ottawa.—Customs appraisers whose duty it is to place a value on goods imported into the Dominion, have been asked to re-open the customs probe in the East.

Frederick Macdonald King has already indicated the intention of the Canadian Government to proceed with the creation of a moving market in Canada for the reception of airplanes.

For the benefit of the visitors, 112 cars each and their baggage and 10 tons of mail matter. They will have sleeping cabins of two or four berths, promenade decks, lounges, smoking rooms and dining rooms capable of seating 50 people at one time.

He'd Rather Dodge a Bear Than a Motor

Cal. Moore gives advice on a mountain journey in a fair story at St. John's.

An encounter with a grizzly in the heart of the Canadian Pacific Rockies is a tame experience compared with dodging through trails in Montana, according to Col. J. H. Moore, pioneer guide of Banff, Alberta, who arrived at Windsor Station, Montreal.

But of course, Col. Moore feels differently about bears and other wild animals than most people do. He knows them intimately, and has made a careful study of their habits and disposition during his 25 years of residence in the mountains. He pooh-poohs the common belief that there are no grizzly bears in the mountains. He himself has "killed" four grizzlies. "Of course one must use their eyes," he explains.

Col. Moore visited the East recently before continuing his journey to Chicago, where he fulfilled an engagement with the United States Bureau of Biological Survey, and has been in a careful study of their habits and disposition during his 25 years of residence in the mountains. He pooh-poohs the common belief that there are no grizzly bears in the mountains. He himself has "killed" four grizzlies. "Of course one must use their eyes," he explains.

PREMIERS ARE SHOWN BRITAIN'S LARGEST AIRSHIP

London.—The Dominion Premier at Cardington inspected the structure of the new airship which is to bring Canada into the air. The airship, which is to bring Canada into the air, was referred to by Sir Samuel Hoare, head of the British air ministry, at the Imperial Conference about three weeks ago.

The structural work on the ship so far has only advanced sufficiently to give an idea of its dimensions. The ship, which is to bring Canada into the air, was referred to by Sir Samuel Hoare, head of the British air ministry, at the Imperial Conference about three weeks ago.

The ship, which is to bring Canada into the air, was referred to by Sir Samuel Hoare, head of the British air ministry, at the Imperial Conference about three weeks ago.

Northern Branch Line May Be Extended

Would Form Junction in Manitoba With H. B. Railway

Winnipeg.—Extension of the Canadian National branch line at Gypsumville, Man., to the Hudson Bay, was promised by Sir Henry Thornton on condition that the undertaking had been shown to be profitable according to a delegation that waited on the C.N.R. president here.

The proposed extension would form a junction with the Hudson Bay Railway. The delegation was composed of Mayor R. H. Webb, of Winnipeg, representative of the Ontario Railway Association and officials of other Manitoba organizations.

Conference Is Success

London.—"The Imperial Conference has not been doing much to attract publicity," said Sir G. C. A. Amery, secretary of state for Dominion Affairs, in a speech here, "but from the point of view of mutual understanding it has been the most successful of all the imperial conferences."

Reception of the hearing this morning was prefaced with an expression of regret from Chairman J. T. Brown that Sir Francis Leake had been unable to attend the hearing. It was announced that after the Ottawa sitting, the commission will proceed to Vancouver.

A statement was submitted covering the number of train seizures at various points in Canada from 1923 to 1928. The largest number was made at Windsor, Ont., numbering 46. Next came St. John's, Que., 371; Montreal, 356; Vancouver, 257. Mr. Brown, secretary of state for Dominion Affairs, in a speech here, "but from the point of view of mutual understanding it has been the most successful of all the imperial conferences."

Report on Land Settlement

London.—A lengthy report on land settlement is in the course of preparation by the Overseas Settlement committee of the Imperial conference. The report will review the situation throughout the Empire and the steps taken by the different dominions in connection with migration.

To Ratify G.T.P. Payment Will Bring Down Legislation to Give Effect to Arrangement

Ottawa.—H. C. A. Dunning, Minister of Railways and Canals, announced that it is the intention of the federal government to bring down legislation at the December session of Parliament to give effect to the arrangement which was reached in London in September last by representatives of the Canadian National Railway and the holders of similar Trust Pacific four per cent debenture stock over the payment of interest. There has been difficulty and dispute about the Great Trust Pacific was shown into receivership in 1916 by the action of the former management. At view recently from London indicate that already the holders of such that 84 per cent of the issue outstanding have accepted the arrangements. On this side, the scheme of arrangement is ready to be ratified by Parliament.

No British Envoys Will Be Appointed

Government Not Likely to Send Ministers to Dominion

Ottawa.—A cabinet member here in Government circles as at all likely. It is understood that in the official despatches reaching this country from the conference there has been no indication of such a step and it is thought to be doubtful if any such step will be contemplated. A recent report stating that the Prime Minister of the Dominion have declined to participate in the League pact is not regarded as official. Premier Hughes of Australia recently stated publicly that he was in favor of the adoption of the League pact, in agreement by the Commonwealth.

Airplanes Come To Aid Of Passengers

Drop Food For Biges Stranded on Desert Near Pigeon

London.—Royal Air Force have been engaged in dropping food and other food for stranded passengers in the crocodile-infested river service between Deft and Bagdad, says a dispatch to The Daily Mail from Baghdad. The distance of the cross-country route is nearly 600 miles. Many cars have been stuck fast for more than seven days in a sea of mud caused by an exceptional rainfall. The Baghdad-Bagdad Railroad has been washed out at several places and a number of houses in Baghdad have collapsed.

The Status of DOMINIONS TO BE DETERMINED

London.—In connection with discussions by the Imperial Conference on the subject of Dominion relations, a proposal to widen the powers of the high commissioners of the various dominions and give them authority to receive audiences, so far as however, the matter is in abeyance.

The conference resolution with reference to the League treaties as previously indicated will be continued. It is expected, in an expression of appreciation of the League spirit and the work done by Sir Austen Chamberlain, foreign secretary, in promoting peace in Europe, but it will not imply acceptance of the treaties by the dominions. On this point, it is understood there has been a division of opinion among the dominion delegates. The resolution calling for the formal submission of the dominions to the treaties is not being pressed.

The proposed extension would form a junction with the Hudson Bay Railway. The delegation was composed of Mayor R. H. Webb, of Winnipeg, representative of the Ontario Railway Association and officials of other Manitoba organizations.

BRITISH MINERS REFUSE TERMS TO END STRIKE

London.—The whole question of the coal settlement is again in confusion. The Miners' Federation secretary, A. J. Cook, only announced that the district vote was against acceptance of the Government's terms of settlement for the strike. All the large districts were against the conditions. This came as a great surprise to the leaders of the delegate conference which had looked upon settlement of the strike as a foregone conclusion.

No figures have been issued, but it is understood that the Government's proposals have been rejected by a majority of 10,000.

There is talk now of calling a district ballot of the men, in order, if possible, to avoid absolute rejection of the Government's proposals, which will be subject to the vote of the districts. Meanwhile, even in Wales, where the vote was against settlement, the men are meeting work in large numbers.

Young People Protest

Youth of Ontario Say They Are Progressing Along the Right Lines

Toronto.—A resolution repudiating the propaganda carried on by the "League of Nations" in the return of the League of Nations which has represented the young people of the world in the most unfortunate terms, and calling for the withdrawal support of the Ontario Temperance Union, were the target of a group of three young men, who were protesting against the League of Nations.

London Firm Insures Turkish Cruiser

Is Ship That Declined Turkey to Join Germany in War

London.—There is a flavor of irony in the fact, says The Daily Mail, that insurance of about £50,000 has been placed with Lloyd's, London, against risks of damage to the Turkish cruiser, the Turgut Reis, which is being hired into German service, which is being hired into German service, which is being hired into German service.

Chandler Makes Big Gains
With New Special and Standard Six Series

Quarterly Sales Analysis Shows 12 1/2% Sales Gain in Twelve Big Metropolitan Centres.

Chandler's new Special Six and Standard Six series are making consistent sales gains throughout the nation. Mr. Black, Vice President and General Sales Manager of the Chandler-Cleveland Motor Corporation, reports.

Analysis of current quarterly sales statistics from August 1st to October 31st inclusive, reveal the popularity of these two new Chandler models in twelve great metropolitan buying centres, ranging from the East to the Pacific Coast.

In comparison with 1925, Chandler's average sales gain for the current quarter (August, September, October) is 12 1/2 per cent. In such representative centres as New York, Baltimore, Rochester, Buffalo, Cleveland, Pittsburgh, Cincinnati, Indianapolis, Milwaukee, Birmingham, Los Angeles and San Francisco, Mr. Black revealed.

"We may reasonably suppose the buying public in these centres are not wise to perhaps a greater extent than cities of lesser size," said Mr. Black in discussing the gain. "Here such a selection does not mirror the Chandler increase in any one section of the country, but gives a more accurate picture of the growing national sales spread regardless of fluctuating general business conditions."

Here are the cities and the sales gains on the new Special Six and Standard Six series reported for August, September and October 1926 as against 1925:

Special and Standard Six Series	
Increase over 1925	
Cincinnati.....	250 per cent.
Los Angeles.....	227 per cent.
San Francisco.....	184 per cent.
Cleveland.....	167 per cent.
Baltimore.....	155 per cent.
New York.....	130 per cent.
Birmingham.....	81 per cent.
Pittsburgh.....	73 per cent.
Indianapolis.....	68 per cent.
Buffalo.....	54 per cent.
Rochester.....	45 per cent.
Milwaukee.....	45 per cent.

"Six of these cities showed the even more impressive gain of 100 per cent," said Mr. Black, as he told how the factory has been at capacity production in keeping pace with unfilled orders.

"When it is remembered that the new 1927 models were presented at the Chandler convention early in August, and that task of spreading the various models around the country to our entire organization has just recently been accomplished, it will easily be seen what a phenomenal showing we have made," he continued.
